US\$ **29**

In 1963, Charrier Parfums had the idea to create the concept of the Gift sets of miniature perfumes.

In fact, there were many American boats in the gulf of Cannes, and the American Navies always asked to buy several different perfumes in small size, to have a choice of the existing French perfumes, and to bring back home. We supplied these customers first by gathering the small bottles in simple packaging. Then, due to the high demand, we decided to create nice gift sets packaging containing an assortment of different perfume bottles: that was the birth of these gift sets. 50 years later, we keep on this production that we distribute in over 60 countries through perfumeries, department stores, gift shops, duty free, airline...

In France, the country of fashion, we have a booth in the most famous French department store "Galeries Lafayette" and our sets always recorded among the best seller perfumes. Year after year, we renew the sets, and we refresh our offer. Perfumes contained in the sets represent a wide choice of traditional or fashion perfumes, with always a request: keeping the quality. We also focus on producing eye-catching packaging, with a strong French image, that consumers can easily recognize. **All our perfumes are warranty 100 % MADE IN FRANCE**
